

HE FRAGMENTATION

2-INCH FRAGMENTATION EFFECTOR

PRODUCT OVERVIEW

The 2-Inch Fragmentation Effector is the compact reference configuration within the modular fragmentation range. The supplied product data identifies it for anti-personnel tasks, vehicles, military assets and interception applications. Its 0.50 kg total weight and Ø50 x 150 mm envelope support integration where payload volume and mass are constrained.

TECHNICAL SPECIFICATIONS

Effect type	Fragmentation
Weight	0.50 kg
Explosive	0.25 kg
Dimensions	Ø50 x 150 mm
Effective range	0.5-5 m

APPLICATIONS

Anti-personnel | Vehicles and military assets | Interception
